

Bolshevik Warships Shelled Enzeli; Boat Carrying White Flag Fired Upon; Admiral Sergieff is Hanged At Baku

Surrender of Port Demanded Owing to Presence There of Denzine's Warships and Troops—Future of Enzeli, Bolsheviks Say, Will Be Determined Between Moscow Soviet and British Governments—Persia Preparing Reply—Advances on Tehran Not Expected

LONDON, May 21.—Thirteen Bolshevik warships appeared off Enzeli and began to bombard the town on the morning of May 19, says a Tehran dispatch of that date to the London Times. A "parliamentary" warship in an open boat to inquire their object, was fired upon, his white flag possibly escaping notice.

A deputation in behalf of the Persian government, including a British officer, proceeded in a large launch to board the Bolshevik flagship. The deputation was informed that the Bolsheviks demanded the surrender of the port owing to the presence there of Denzine's warships and troops. If it surrendered the Bolsheviks would have no further hostile intentions against the Persian government or against the British warships in the Persian Gulf. The Bolsheviks, however, insisted that the British warships should be ordered to leave the Persian Gulf. The future of the port, however, would be discussed between the Moscow Soviet and the British government.

HAS LENINE LOST PUNCH IN MOSCOW?

Rumor That Gen. Brusiloff Has Usurped Power in the Soviet Government

LONDON, May 20.—In official quarters in London reluctance is indicated in accepting as a fact that Gen. Brusiloff, commander-in-chief of the Russian army, has been named as the successor of Lenin. The British government, however, has not yet decided upon the past by Nicolas Lenin and while reluctant as to the contents of the Bolshevik official statement, it is unwilling to attribute the interference in the Russian government to an explosion and a fire.

It was pointed out Wednesday that general and other officers of high rank known to the British government, including Gen. Brusiloff, in the supreme command of the Russian army, had been named as the successor of Lenin. The British government, however, has not yet decided upon the past by Nicolas Lenin and while reluctant as to the contents of the Bolshevik official statement, it is unwilling to attribute the interference in the Russian government to an explosion and a fire.

'BIG BROTHER'
MOVEMENT IS
BEFORE ROTARY

Charles Layland Urges Members
Not to Be Discouraged in
Good Work

INTERESTING TALK
Use of Autos for Men at Con-
sistent Home Asked by Court
May

To the twenty-one other Rotary
Club members who joined the "Big
Brother" movement when that phase
of Rotary work was organized some
time ago, Charles Layland, at Thurs-
day's usual club luncheon, urged
their activity of making better homes
out of their charges.

"There is no boy half as bad as he
is painted; no boy sufficiently bad but
what he will respond to efforts made
for his guidance along the right path,"
said Mr. Layland when telling of his
personal experience in which the
movement, known as the "Big Brother"
movement, which has as its func-
tion the turning of boys who would be
lost into paths of wisdom to those leading
them to good citizenship and real
citizenship.

WILMERE

The U. F. A. local have received a
cartload of seed and are hauling
them from Vancouver. The cars are
a good sample and good results are
expected.

The farmers in this part began
working on the land about May 4,
and seeding is now general, and some are
not finished.

Mr. John Caruthers and family
old-time homesteaders, have gone to
the U. F. A. to try their corn.

and Mrs. Newman also have gone
to British Columbia to make a
wondered country.

They are sorry to record the death
of one of our old neighbors, Mr.
Joseph J. Harty, who died in Ed-
monton on Monday, May 17.

The roads here are in fairly good
shape now, and the cars have
started again after about seven
months of a lie-up, owing to the long
winter and deep snow.

The bulk and crops are beginning
to show signs of spring and are put-
ting on the green, making them for
the summer. The fruit are in attendance
and some of the early ones are in
the market.

Castoria, or Something Else?

FLETCHER'S CASTORIA is a particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded. Fletcher's Castoria having been prepared solely for our little ones, should not be confused with ordinary cathartics or preparations primarily compounded for grown-ups. The child requires a delicate and tenderly prepared medicine, and the mother, who knows, and mother-love can not be deceived. Castoria always bears the signature of

BRITAIN AND U. S. SHOULD BE ON BEST TERMS

Sir Auckland Geddes Urges Cloud
of Misrepresentation and Mis-
understanding Which Tends to Dispel

Philadelphia, May 20.—British and Americans should seek to dispel the cloud of misrepresentation and misunderstanding which tends to separate them, Sir Auckland Geddes, British ambassador, declared Wednesday evening in accepting from Franklin Institute a medal awarded by the institution to Sir Charles Alington Percival, inventor of the steam turbine. The ambassador said that never has it been so imperative that relations between Great Britain and the United States remain cordial. "There are no misunderstandings that I know of," he continued, "no lack of complete understanding on the part of our newspapers are filled with strange verbal pictures of what the British are doing which make them rub their eyes and wonder how they can be so wrong. The newspapers are filled with equally weird descriptions of the United States, its motives and its plans." HAVE DARKER SKIN AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sigeon's Hair Builder.

Grandmother kept her hair beautiful, dark, glossy and attractive with a few drops of Sigeon's Hair Builder. Whenever her hair took on that faded, grayish tinge, she applied a few drops of Sigeon's Hair Builder. The result was a beautiful, dark, glossy and attractive hair. Sigeon's Hair Builder is a natural hair color and looks young, soft and beautiful.

France's War "Balance Sheet" Concisely Described in Figures Given By Capt. Andre Tardieu

Paris, May 19.—What is perhaps the first concise and comprehensive statement of France's war losses has just been made by Captain Andre Tardieu. In describing what he calls "the balance sheet" of France, Captain Tardieu states that during the five years of war eight million men were mobilized, of whom 1,400,000 were killed, 900,000 maimed, and 300,000 wounded. French lost fifty-seven per cent. of her men under 32 years of age.

Concerning material losses, Captain Tardieu states that six hundred thousand houses were destroyed, 75,000,000 acres of arable land laid waste, 3,000 miles of railroad and 35,000 miles of highways destroyed. Mines which produced 55 per cent. of France's total coal output were damaged or destroyed; 11,500 factories, which produced 95 per cent. of the iron and steel of the woollen goods, 90 per cent. of the linen material, 70 per cent. of the sugar, and 60 per cent. of the cotton goods were crippled.

One-third of France's ships were sunk by German submarines. To defray the cost of munitions of war and food supplies, France has to raise more than eight billion francs, of which sum she was forced to lend 1,320,000,000 to foreign countries.

DISABILITY TABLE IS UNLAKELY TO BE CHANGED

Ottawa, May 20.—(Canadian Press.)—In the opinion of the sub-committee of the special committee on persons disabled by the war, the disability board's present table of disabilities is unlikely to be changed.

Mr. Dr. H. E. Holland, chairman of the sub-committee, reported to the committee when the committee resumed public sessions Thursday. The committee had gone, thoroughly into the matter with the previous board and reached the above conclusion.

CONGRESS WILL ARRIVE IN CITY FRIDAY, JUNE 4

Two Days Sessions of Delegates
Are to Be Held in the
City

UNIVERSITY LUNCHEON
Canadian Manufacturers and
Others Are to Take Part in
the Tour

The program of the industrial congress, which will visit Edmonton on June 4 and 5, has now been planned here and in the other cities of the province. The tour of Alberta, which will be attended by a large delegation of Canadian manufacturers and others, will start at Medicine Hat on Friday, June 4. Here the visitors will be formally welcomed to the city by the civic officials and shown around the manufacturing plants. Half the day will be spent in Medicine Hat and then the special train will carry the delegates to Lethbridge. Before reaching Lethbridge the delegates will leave the train and visit the famous coal mines in the vicinity of the city. They will then be officially welcomed to Lethbridge by the city fathers and the special train will carry them to Calgary during the night.

The program in Calgary on Thursday, June 3, will commence with a luncheon at the Calgary hotel, at which the delegates will be formally welcomed by the premier and the mayor. The delegates will then be taken to the University of Alberta, where they will be met by the resources of the province and on subjects relating to trade and industry will follow. A luncheon will be given by the Calgary board of trade and this will be followed by a tour of the city during the afternoon. The delegates will be met by the premier and the mayor at the University of Alberta, where they will be met by the resources of the province and on subjects relating to trade and industry will follow. A luncheon will be given by the Calgary board of trade and this will be followed by a tour of the city during the afternoon.

Thursday morning will be occupied with another session of the congress in the Memorial hall. After luncheon there will be a selection of various trips into the country. On Saturday evening the delegates will leave for Vancouver over the Canadian National railway.

UTILITIES SHOW EFFECT OF BIGGER OPERATING COST

Three Months' Total Net Surplus
Is More Than Cut in
Half

DEFICIT IN MARCH
More Passengers Carried and a
Bigger Revenue Shown on
Street Railway

Edmonton city utilities which up to late have been doing extremely well, even the street railway showed improvement, are now beginning to feel the pinch of increased operating costs and wages.

In a recent report the city controller points out that for the quarter ending March 31st of the present year the utilities inclusive of the deficit on the street railway showed a net surplus of \$107,742.50 as compared with \$162,124.39 for the corresponding period of last year.

But for the month of March alone there is a net deficit of \$1,509.75 on all the utilities.

The controller says—
The net surplus of four of the utilities minus the electric light power, telephone and gas, amounted to \$11,124.64 for the quarter, as against \$17,784.78 last year, with the net deficit on the street railway for the period of \$1,217.74 as compared with \$1,444.57. The net result being a deficit of \$2,657.62, as against \$6,222.99 last year.

It is necessary perhaps to add that the figures given are inclusive of the revenue and expenditures of power house, which is again under the management of the city. The latter fact is in the connection with the fact that the rate per kilowatt hour being charged to the street railway department is 1.12 as compared with 1.15 last year, and similarly, the rate being charged to the electric light department is 2.53 as compared with 2.50 last year.

The following comparative figures in regard to the street railway for the three months of 1919 and 1920 respectively may be of interest—

	1919	1920
January	1,084,334	1,017,094
February	1,084,334	1,017,094
March	1,084,334	1,017,094

	1919	1920
January	1,084,334	1,017,094
February	1,084,334	1,017,094
March	1,084,334	1,017,094

WESTERN FARMERS AND NOT BENEFIT BY WHEAT ADVANCE

Montreal, May 20.—Hon. Frank Oliver, former minister of the Interior in the Laurier cabinet, interviewed here by the western farmers, was not to blame for the high cost of wheat. He had made no profit out of the inflated price of wheat. While the Canadian government was selling Canadian wheat to England, France and Germany at \$2.50 a bushel, Canadian consumers were paying \$2.50 a bushel for it. Mr. Oliver said the west had never specifically supported the government's action in selling wheat at that price.

Since We Bought it a Year Ago, This Wash Goods is Naturally Low Priced

In practically every instance the price quoted represents at today's values nothing more than the cost of the materials. It is obvious then, the advantage of choosing from these selections which are gratifying both in quality and variety.

House Dresses at \$2.95 and \$4.50

Chambra, gingham and prints in an assortment of sensible styles relieved by white collars, cuffs and pockets, and pearl buttons. Pink, blue, rose, helio, natural, stripes and checks.

Gabardine Skirts, Only \$3.95

Such a dry, non-committal statement—"Gabardine Skirts only \$3.95." But when we tell you that in today's markets \$3.95 would barely buy the material for one of these skirts, then you can judge whether or not we were wise in buying them a year ago. They have two pockets, and pearl buttons are the only trimming.

Smocks and Middie Galore

All so pretty and becoming, and yet so practical. And, too, they are of such quantities of materials that make them really exceptional value at our price.

AT \$4.95 AND \$5.95—Very new Habutai Silk smocks with shoestring laces V necks and sailor collars. The silk is of firm even quality and is easily laundered. Sizes 34 to 44.

AT \$2.95—Belled and pocketed Cost. Middie of all white linen middie cloth. They have sailor collars and long sleeves, and button down the entire front.

AT \$2.95 AND \$2.50—No bother with buttons and belts with these newest middie middies. They have laced necks, long sleeves and one breast pocket; colored collars.
